J-1 Visa Trainee & Internship

J-1 visa is a non-immigrant visa issued by the United States to research scholars, professors and exchange visitors participating in programs that promote cultural exchange, especially to obtain medical or business training within the U.S.

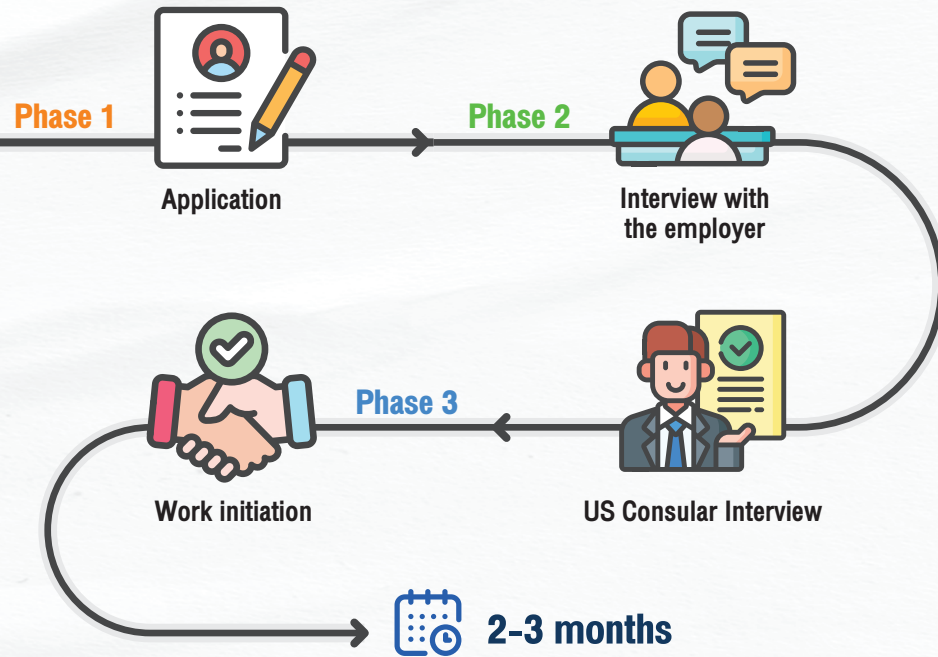

Internship and Trainee programs are designed to allow foreign college and university students or recent graduates to come to the United States to gain exposure to U.S. culture and to receive hands-on experience in U.S. business practices in their chosen occupational field.
